STAT

4. (Unclassified - NDL) LIAISON Received a call from Major Don Deline, Legislative Liaison, Department of the Army, who called to inquire about the hearing scheduled before the Subcommittee on Health and Scientific Research, Senate Human Resources Committee. Major Deline wanted to make sure the date for the hearing was 9 September and I told him that it was.

Later in the day, he called back and said that rumor had it that the hearing was being postponed and wanted to know if we knew when it would be rescheduled. I told him the date we had received was 20 September. He was most appreciative of my assistance.
